WEST COAST LUMBER INSPECTION BUREAU (WCLIB) REQUEST

WCLIB has requested approval of recommended spans submitted in the report "Analysis of Proposed Spans for Western Juniper (*Juniperus occidentalis*) Graded as Exterior Decking". The Board of Review will review this request.

WESTERN WOOD PRODUCTS ASSOCIATION (WWPA) REQUEST

WWPA has submitted an addition to the WWPA Western Lumber Grading Rules Book 2017 as follows:

Add as the second paragraph of Section 754.00 of the Western Lumber Grading Rules 2017 the following:

"When No.1 and Better Douglas Fir-Larch and Hem-Fir species combinations are gradestamped, it is not permissible to produce concurrently any gradestamped lumber with a higher design value than that item. For example: Select Structural, some MSR and decking grades."
